

Jay Scotts

Luxury Fiberglass Planters

A large fiddle-leaf fig plant with thick, green, heart-shaped leaves is the central focus, housed in a tall, black, tapered planter. To the left, a semi-transparent white box contains a table of contents. The background features a dark grey wall with a large, arched mirror and a colorful, abstract painting. A modern floor lamp with a curved silver arm and a white shade is visible on the left. In the foreground, a chrome rolling cart with a black top and a black sculpture on it sits on a light-colored wood-look floor. To the right of the plant, a white marble pedestal holds a black mug.

Luxury Fiberglass Planters

Since 2004, Jay Scotts has redefined luxury in the world of fiberglass planters. Beginning as a group of friends with a vision for high-quality botanicals and planters in South Florida, we've evolved into pioneers of sophisticated planter design.

In 2010, our journey led us to create top-tier planters using lightweight, durable materials that embody Milanese fashion standards. Crafted by skilled artisans in state-of-the-art facilities, our planters boast avant-garde styles and finishes.

With Jay Scotts, settling for less is never an option. Our in-house design and manufacturing ensure flexibility in production schedules, while a wide inventory offers primed planters waiting for your touch. Our innovative paint-to-order model guarantees you will always get the perfect shape, size, and color combination for your project.

Jay Scotts collection of fiberglass planters are designed and manufactured in-house. As such, we manage the factory production schedule of our planters with you, our clients, in mind.

OUR GOAL IS TO CREATE A MEMORABLE JAY SCOTTS EXPERIENCE.

Jay Scotts wants you to be completely satisfied. We are committed to learning about your needs and providing quick and efficient action with timely communications.

Testimonials:

Lisa: "I love everything about my planter, the rich color, the durability, and, actually I'm going to buy two more shortly. That says it all. They're worth every penny and so nice that you drill the holes, because I hate doing that myself!"

William Owen: "Great products in an ample selection of styles, sizes and colors. You are my go-to company for planters. Keep up the good work."

J. Mark White (Gardenwise): "I find your staff very responsive and very helpful. We almost exclusively use Jay Scott when we are looking for outdoor containers."

RECTANGLES

Small enough to fit on a shelf, large enough to completely close off the rest of the world and surround yourself with nature. Our rectangular planter collection is so vast, you're sure to find the perfect fit.

There is no space or design scheme that these planters will not add a special flair to.

10” Wide Collection

Slender and sleek, our 10-inch-wide collection is perfect for narrow spaces. Offering two different heights (24 and 32 inches) in multiple lengths, this series is ideal when the form and function of a rectangle is desired, but space is limited.

12" Wide Collection

One of our newest additions is the 12-inch-wide collection with the opening snugly accommodating a 10" grow pot. This series offers three different heights (18, 24 and 32 inches) providing the opportunity to accomplish disparate design objectives. Each planter is available in multiple lengths and includes a corner piece option lending a hand to extraordinary design flexibility.

14" Wide Collection

Low and wide, the 14-inch collection is a natural choice for enclosing patios and defining walkways without sacrificing the view. These are small enough to create a flower bed, but large enough to accommodate a variety of bushes.

24" Wide Collection

Our boldest rectangular collection, the 24-inch-wide series is greatly expanded offering 5 different heights with 4 different lengths and corner units for each. The possibilities are limitless. This collection is well suited for large statement pieces, barriers, or housing a large variety of plants in one planter.

Rectangle Outliers

This collection highlights some unique and unusual variations of our rectangle designs. These designs make great stand-alone statement pieces or can be mixed and matched with other planters for an eclectic look.

The image displays a variety of modern, white planters arranged on a dark grey surface against a white background with faint, pinkish marble patterns. The planters come in different shapes and sizes, each containing a different type of green plant. A large, wide rectangular planter holds a dense snake plant. To its left, a smaller, curved planter also holds a snake plant. In front of the large planter are two smaller, square planters: one with a clump of grass-like plants and another with two small, bushy plants. At the bottom of the image is a long, low rectangular planter filled with a dense layer of small, succulent-like plants.

Rectangle Specialty Use

The Nile wall-mounted collection is designed as a low-profile option for adding greenery without sacrificing your floor space. Built-in and predrilled reinforcement plates enable quick and secure mounting on any vertical surface. For patios, or areas with hand or guard rails, we offer our Tiergarden railing planter, the perfect home for plants atop railings.

Modular / Linear

Modular designs consist of related, but not uniform, design elements. It can incorporate planters with different heights and similar depths for a clean linear, yet tiered, visual. Corner units can be used to create fluid turns or returns. Or styles can be completely mixed and matched for unique custom groupings. This collection highlights a sampling of planters that are easily combined to create functional space dividers or simply enhance and beautify your space.

ROUNDS

Offering a fresh take on an all-time favorite planter shape, round planters by Jay Scotts will grace any space with timeless class and elegance.

Modern tall round planters, traditional bowl planters, globe sphere planters, cylinder pots, or any oval, ribbed and unique designs that fit both indoor and outdoor decor.

Teardrop

Replicating nature's simple beauty, this collection features a reverse taper or teardrop shape. Broad and stable at the base and slimming toward the top this collection exemplifies elegance.

SQUARES

The symmetry of square cube planters, together with their hard lines, add a modern edge to both interior and exterior landscaping. Use large square planter boxes to accent your patio furniture, or smaller modern square planters to accentuate interior spaces!

Short Square Taper

These planters showcase sleek and simple lines, true classic square shapes that easily accentuate patios, porches, and balconies while providing an eye-catching focal point.

Planting Guide

Potting soil is essential for planters, specially formulated for container gardening. Varieties may differ, so consult a professional for plant-specific recommendations.

For outdoor planters, drainage holes are vital to prevent freezing damage during cold months. Interior installations don't require drainage holes, as our planters are designed with feet to facilitate outdoor water drainage.

Best Practices

Direct Planting:

1. Insert a layer of landscape fabric.
2. Add a layer of gravel.
 - a. **Best practices:** rinse the sediment off the gravel prior to installing.
3. Insert another layer of landscape fabric.
4. **Optional:** use foam to build up the pot to desired height.
 - a. For commercial installations, higher altitudes, and roof decks – consider adding more rocks (like lava rock), instead of foam, to achieve desired plant height.
5. Once desired height is achieved, insert a drop tray.
 - a. **Best practices:** a grow bag can be used instead of a nursery pot. Grow bags should be the same gallon size as the nursery pot. This ensures no unnecessary air gets in the soil and roots and reduces dirty run-off and staining.
6. Once in place, use filler around the nursery pot/grow bag to stabilize your plant(s) in place.
 - a. **Best practices:** we recommend rubber mulch.
7. **Optional:** top with river rock, moss or other decorative plant finisher.

Inserting Pots:

Internal shelves, available for select planters, facilitate easy placement and replacement of nursery and grow pots. Contact your customer service representative for specific planter choices.

Enhance the look by adding lightweight filler around the nursery pot on the ledge and decorating with moss or pea gravel.

**The shelves are intended to hold nursery pots, not be directly planted into.*

Caring For Your Planter

Our planters feature automotive paint with UV resistance, ideal for extreme conditions. However, avoid storing them in wet or steamy conditions, as it may damage the finish. Normal use with immediate water drainage after installation is harmless.

Cleaning and Polishing

Jay Scotts Fiberglass Planters require minimal maintenance. Both glossy and matte finishes can be cleaned with standard household cleaning products, such as dishwashing soap. Avoid solutions with bleach, power washing, steel wool, or abrasives that may scratch your planter.

For glossy finishes, an annual polish with automotive or marine wax enhances the look and provides extra protection, especially in extreme weather. We do not recommend wax for matte finishes unless it's specifically formulated.

Maintenance

Minor scuffs and scratches on glossy finishes can often be buffed out. We offer touch-up paint kits for nicks and scratches.

Shipping

We strive to secure the lowest possible freight rate for our customers, including options like drop shipping from distributors closer to you.

Ground/Parcel

Qualifying orders ship via FedEx Ground with tracking or PRO numbers provided. Please allow 24 hours for tracking to activate.

Freight

Freight shipments are for larger or heavier items and are securely palletized. They require a loading dock, forklift, or similar equipment for unloading at the delivery site.

Transit

While carriers typically provide reliable transit times, occasional variations may occur due to factors like order volume and weather.

Paperwork/Tracking

A Bill of Lading (BOL) is a detailed list of goods for carrier consignment. It's issued by the carrier and provided to you upon delivery. BOL tracking numbers (PRO numbers) are generated when the carrier picks up the order but may take up to 24 hours to be trackable.

Delivery

Freight orders are typically delivered to a commercial address. Residential freight deliveries are subject to a surcharge and **require liftgate service**. Carriers are not movers and will not assist in the delivery. Additional services include a fee:

 **Liftgate:** A liftgate allows freight to be lowered to the ground from the truck's tailgate and is considered a special service.

 **Appointment:** Most carriers offer a window for delivery that may be up to 4 hours.

Terms and Conditions

Customer satisfaction is our priority. Our team is committed to better understanding your needs and working to exceed your expectations for quality, service and timely delivery.

Payment

- ☛ Jay Scotts does not offer terms. All orders must be paid in full at the time the order is confirmed.
- ☛ Payment methods include: Visa, Mastercard, American Express, Discover Card, check or electronic checks (e-check) with a signed authorization. E-check orders include a 1.5% discount on products.
- ☛ Jay Scotts offers 20 standard color options. Custom color application is available. Custom color fees may apply and are non-refundable. Please contact our office for additional information.
- ☛ Returned checks will incur the maximum processing fee as allowed by law.

Orders

- ☛ Orders are confirmed and processed upon payment. Payment reserves inventory for your order and items are placed in prep and paint/finishing queue.
- ☛ A sales confirmation will be sent upon receipt of payment. Customers must review all details including color selection, quantity, bill to and delivery address and request for drainage holes.
- ☛ Ship dates are noted on your sales order confirmation and indicates the day your item will ship, be ready for pick up, and or delivered by Jay Scotts.
- ☛ Shipping date is based on current lead time and is dependent upon items passing quality control.
- ☛ Changes to existing orders - including, but not limited to, quantity, color or planter style - must be made in writing to info@jayscotts.com.

Backorders

- ☛ Backordered items include an estimated time of arrival (ETA) line on the sales order. The date in this line item is when the inventory is expected to arrive.
- ☛ Backorders will be filled within 7-21 days of the arrival date of a shipment.
- ☛ Backorders will be shipped as available.

Custom Planter Orders

- 🌿 Are subject to a minimum quantity.
- 🌿 Are subject to a product development design/mold fee.
- 🌿 Custom designs are the property of Jay Scotts unless otherwise agreed to in writing.

Shipping

- 🌿 Orders ship from Dania Beach, FL unless otherwise noted. Please note our team will make every effort to ship your order from the closest distribution center to minimize freight costs.
- 🌿 Standard orders are curbside delivery only. Additional services such as residential delivery, appointments or other requests may require additional fees or surcharges.

Missing or Damaged Items

- 🌿 Inspect your shipment for signs of obvious damage. You may refuse the shipment should you receive it not intact or damaged. If you choose to accept the shipment from the carrier, make a note on the BOL (bill of lading) of any damage to the boxes, planter(s), or packing material. You are entitled to open each box and inspect the goods. If the driver will not stay, make a note that you were unable to check for concealed damage.
- 🌿 Damage details and images must be reported in writing immediately to customer service at info@jayscotts.com. Photos should include the damage, cartons, and packing materials.
- 🌿 If damages are not noted at the time of delivery, Jay Scotts will not have recourse and will be unable to compensate you or resolve this issue on your behalf.

Return Policy

- 🌿 Returns are acceptable within 14 days of receipt and no product may be returned to Jay Scotts without written consent.
- 🌿 Unauthorized returns will not be eligible for credit.
- 🌿 Returns must be in the original box with all the packaging material.
- 🌿 In some cases, customers may be assessed the original shipping cost and are responsible for pre-paid return shipping.
- 🌿 Custom planters and planters with drainage holes are non-refundable and non-exchangeable.
- 🌿 Credit for returns is subject to inspection of the product and packaging material.
- 🌿 Authorized returns may subject up to a 30% restocking fee, the remaining balance will be issued in the form of a merchandise credit.

Warranty

Jay Scotts Company stands by the quality of our fiberglass planters.

Each planter holds a three (3) year warranty from the time of acceptance of the product.

We warrant the initial purchaser of our products that they are of quality material and workmanship, and are free of manufacturing defects.

Jay Scotts Company, at their sole discretion, will repair, exchange or give credit for the original purchase price of any item providing to be of defective materials or workmanship.

Mishandling, misuse, abuse, failure to follow directions for use, unauthorized modifications, neglect, accidents or any other hazard to the product voids the three year warranty.

Your planters are finished with an automotive paint that offers many advantages including UV resistance and can withstand extreme conditions. While our top coat paint used is very durable, storing planters in wet or steamy cartons or standing water can cause damage to the finish. Normal use allowing water to immediately drain off the finish after installation will not cause any harm.

Each order confirmation comes with handling and planting instructions to ensure the longevity of your planter. It is highly encouraged to follow these instructions for the best use of Jay Scotts planters.

Please note that is the responsibility of the purchaser to ensure that water be able to drain sufficiently from the containers with outdoor use. This is notably important in regions that are subjected to freezing conditions.

Please note that Jay Scotts Company will not be liable for labor, shipping, delivery or any other costs associated with a claim.
