

# LEED QUALIFICATION

Potential LEED® Contribution (Unverified): Based on typical project applications under LEED v4.1 BD+C/ID+C, this product may support the following credit(s). Actual points, credit paths, and eligibility are determined by the project team and the GBCI reviewer. No third-party LEED verification has been completed for this product.

Product	LEED Category	Credit Name	Point Range
Living Green Walls	Sustainable Sites (SS)	Heat Island Reduction – Non-Roof	1–2 pts
Living Green Walls	Water Efficiency (WE)	Water Efficient Landscaping	1–2 pts
Living Green Walls	Indoor Environmental Quality (IEQ)	Enhanced Indoor Air Quality	1 pt
Living Green Walls	Innovation (ID)	Biophilic Design Integration	1–2 pts
AirRX Faux Walls	Innovation (ID)	Biophilic Design Strategy (Non-living)	1 pt
AirRX Faux Walls	Materials & Resources (MR)	Recycled Content / Low VOC Materials	1 pt
Bioroof Living Roof	Sustainable Sites (SS)	Rainwater Management	1–3 pts
Bioroof Living Roof	Sustainable Sites (SS)	Heat Island Reduction – Roof	1–2 pts
Bioroof Living Roof	Water Efficiency (WE)	Water Efficient Landscaping	1–2 pts
Bioroof Living Roof	Energy & Atmosphere (EA)	Optimize Energy Performance	1–18 pts*
Faux Vegetative Roof w/ Stormwater Retention	Sustainable Sites (SS)	Rainwater Management (Engineered)	1–3 pts
Faux Vegetative Roof w/ Stormwater Retention	Sustainable Sites (SS)	Heat Island Reduction – Roof	1–2 pts
Faux Vegetative Roof w/ Stormwater Retention	Materials & Resources (MR)	Recycled Content / Low VOC Materials	1 pt
